dedicated to the Society.

The transfer of the activity of the Main Japan Society to the Main Shinto Society possible the publication of the present *Bibliography of Shinto in Western Languages* together with a companion volume listing books and articles on Shinto published in Japanese during the same Main, Taisho and Showa.

The manuscript of this bibliography was compiled in the Research Institute of the Main Japan Society by Dr. Genchi Kato and his collaborator, the Rev. Shinji Kato, S.V.D. Originally the publication had been slated for 1940, which was delayed that it would take three years more to make this work available to scholars of Shinto. Since in the meantime a great number of books and articles on Shinto have been written, the Rev. Wilhelm Schuler, S.J. of Sophia University was kind enough to prepare an appendix listing those works which were published until the end of 1943 (Showa 18).

The compiler gratefully goes to all those who have contributed to the completion of this bibliography, especially to Dr. Genchi Kato the Director of Shinto Center in Japan.

Publisher's Preface

The Meiji Japan Society (*Meiji Seitoku Kinen Gakkai*) under its President, Dr. Hakutarô Nagabayashi, and the Director of its Research Institute, Dr. Genchi Katô, has through many years authoritatively contributed to the study of Shintô.

Because of conditions in Japan and abroad this Society has been obliged to discontinue its glorious history which beginning in 1912 (Taishô 1) has lasted for forty years of scholarly activity. However, the work of the Meiji Japan Society will be continued by the Meiji Shrine which in a special sense feels itself obliged to this Society.

The transfer of the activity of the Meiji Japan Society to the Meiji Shrine made possible the publication of the present *Bibliography of Shintô in Western Languages* together with a companion volume listing books and articles on Shintô published in Japanese during the eras Meiji, Taishô and Shôwa.

The manuscript of this bibliography was compiled in the Research Institute of the Meiji Japan Society by Dr. Genchi Katô and his collaborator, the Rev. Karl Reitz, S.V.D. Originally its publication had been slated for 1940; nobody expected that it would take these many years to make this work available to scholars of Shintô. Since in the meantime a great number of books and articles on Shintô have been written, the Rev. Wilhelm Schiffer, S. J., of Sophia University was kind enough to prepare an appendix listing those works which were published until the end of 1952 (Shôwa 27).

Our deep-felt gratitude goes to all those who have contributed to the compilation of this bibliography, especially to Dr. Genchi Katô, the Nestor of Shintô studies in Japan.

Author's Preface

In the Research Institute attached to the Meiji Japan Society (*Meiji Seit ku Kinen Gakkai*) I compiled together with the Rev. Karl Reitz, S.V.D., a bibliography of books and articles on Shintô in Western languages from the oldest times until 1940 (Shôwa 15). With the help of the Meiji Japan Society the manuscript of this bibliography was completed and the type set in 1940. Since however because of the war publication had to be postponed until this year, the Rev. Wilhelm Schiffer, S.J., editor of *Monumen a Nipponica*, Sophia University, compiled an appendix to my bibliography containing books and articles on Shintô published between 1941 and 1952.

As all activities of the Meiji Japan Society were taken over by the staff of the Meiji Shrine in 1952, the bibliography is now published under the auspices of the Meiji Shrine. I cannot be too grateful to the Rev. Karl Reitz, S.V.D., and the Rev. Wilhelm Schiffer, S.J., as well as to the staff of the Meiji Shrine for their exceeding kindness and good will toward me in publishing this book.

On this occasion I wish to mention that the Meiji Shrine also published the second volume of my bibliography of Japanese works dealing with Shintô covering the eras Meiji, Taishô, Shôwa.

It is a great consolation for an old man to see his life-long devotion to the cause of learning recognized even in his retirement.
